

Your Guide to Equipment Benefits as a Breastfeeding Mother

Blue Cross & Blue Shield of Mississippi is pleased to support breastfeeding mothers by covering the breast pump that best meets our members' needs.

Breast pumps must be obtained from a Network Durable Medical Equipment (DME) Provider, and mothers may choose between a manual or electric breast pump. Coverage will not be available for breast pumps purchased via any other means. Please see the sidebar for a list of Network DME Providers for breast pumps or find additional DME Providers on our website at www.bcbsms.com by clicking the "Find a Provider" link and using the Provider Search tool, by specialty.

Benefits are as follows:

- One electric breast pump will be covered every 3 years for breastfeeding mothers.
- One set of supplies will be covered per pregnancy for breastfeeding mothers.
- One set of replacement supplies will be covered per year for breastfeeding mothers.

Please note that member benefits may vary. Contact our Customer Service Team at 601-664-4590 or 800-942-0278, 8:00 a.m. to 4:30 p.m. Monday through Friday with any questions and to understand your plan's benefits.

To take advantage of this benefit:

1. Contact a Network DME Providers (See list). Ask them to check your benefits using your Blue Cross & Blue Shield of Mississippi member ID. The Network DME Provider will advise you of the equipment available based on your coverage.
2. Obtain a prescription from your Network Provider for a personal use breast pump. This can be faxed or delivered to the DME Provider.
3. Arrange for receipt of your breast pump with your Network DME Provider.
